EDUCATION

MSc - Computer Science[Data Science]
Trinity College Dublin
Current | Course End Date - Jul 2024

B.Tech- Computer Science & Engineering
MITWPU - Faculty of Engineering
2019 - 2022
MITAOE | CGPA: 8.73 / 10.00

PROJECTS

MIT Feedback System

- Key Skills: PHP, MySQL, Bootstrap, AJAX, Javascript.
 - Developing a feedback system including Admin and student module, along with features to download Students feedback in proper format.

Social Distancing Surveillance Application

- Key Skills: Object Detection, Computer Vision, ML
 - Object detection and tracking schemes in monitoring the social distancing. Using computer vision, people who do not maintain a certain distance can be identified. The system keeps a log of videos

Android Application For Visually Impaired

- Key Skills: Android, HTML, CSS.
 - Application created for the blind or visually impaired so that they can use mobile.

SKILLS

Technical Skills:

- Programming languages - Python, R, SQL, C++, C, Java.
- Data analysis and visualization tools (e.g., pandas, matplotlib, Seaborn)
- Machine learning Algorithm and libraries (e.g., scikit-learn, TensorFlow)
- Statistical analysis and hypothesis testing

Soft Skills:

- Problem-solving ,Critical thinking, Communication skills, Teamwork, Adaptability

INTERESTS

- Travelling, Reading, Cycling

PROFILE

I am eager to secure a role that leverages my technical and analytical expertise to contribute value to the organization, while also facilitating the expansion and enhancement of my skills.
